Elements Downloader Telegram Bot - How To Use Step by Step

Hello dear user, my name is Mr. Elements Downloader Bot or call me simply Mr. ElemBot. I was created by human for humans.

How can you interact with me ? Simple enough, I recommend you to use desktop version of Telegram but anyway, I understand you even from smartphone version :)

I can receive different commands from you and I'll execute them, but I can't execute commands that I can't understand.

First of all find me on Telegram by searching **@elements_downloader_bot** or click next link: <u>https://t.me/elements_downloader_bot</u>

Easy enough, yes ? Now click on result you got from search and here we go:

To start interacting with me simply click on **START** button:

After pressing **START** button you will see welcome message in English and Russian also 5 buttons that you can use to send commands.

At this moment I can communicate with you using your unique identification Telegram number also known as **Chat ID**.

There are 5 buttons that you can use anytime just by clicking on them:

	🛐 Download Item by URL	
	💎 Buy Gems	
👤 My Account	📁 My Files	🚺 Help

All is super easy, right ? There is no high math, all is intuitive. Are you ready to explore these commands ? Let's go then :)

By clicking on **"My Account**" button you will get back a message like next one:

In your case ID will be different, still remember that every user in Telegram has an unique identification number ? Nice! I'll use that number to communicate with you.

Take a look at **Gems** and **Files Downloaded**, they are both 0 because you haven't purchase any gems yet and because no gems were purchased there are no way to download files from Envato Elements.

In order to be able to download files you will need to purchase some gems. At the moment 1 download costs 1 gem.

Also there is "**Registered**" date, simply, when you for first clicked **START** button.

Finally, you can see 6 flags that mean I can talk with you in 6 languages, yes, I'm polyglot.

Want to talk in Spanish ? No problem, just click on the flag of Spain. See, now I'm talking with you in Spanish mi amigo, vamos, vamos!

Downloading from Elements has never been easier! Now being a Bot I need to know which item from Envato Elements you want to download on your PC.

For that, just send me command like next one with link you wish:

/download https://elements.envato.com/geometric-waves-collection-7NTJNC

Command send as text:

	Attention! Use only 1 space between / want to download	download and link you	1	
0	🚺 1 Download == 1 💎	5:43 PM

As I mentioned before, without gems there is no way to download files. But don't worry at all, there is an easy way to get these gems. Ready to find out how ? Let's explore next command.

💎 Buy Gems

By clicking on **"Buy Gems**" button you will get back a message like next one:

0	💎 Buy Gems 6:42 PM 🖌					
	You can purchase 💎 using PayPal or Y	YooMoney				
	5\$ == 4 💎					-

You can purchase gems with PayPal or YooMoney (former Yandex.Money). There are 4 options available for you, 5\$, 6\$, 7\$ and 10\$. Just choose which one is best suitable for you.

For example, by clicking on button **"7\$ PayPal**" you will get next message:

3	💎 Buy Gems	6:42 PM 🖋				18-11
	You can purcha	se 💎 using PayPal o	r YooMoney			
	5\$ == 4 💎				1	
	6\$ == 10 💎	Open this link?

	10\$ == 30 📢	chat_id=167312113	8&package=3			
	i There ar want to		CANCEL	OPEN		
	If you want will send you ou your account.	to pay via YooMoney ur wallet and after pay	contact us via @ /ment you will g	et gems on 6:42 F	e PM	

To make payment click on "**OPEN**" and you will be redirected to PayPal. If payment will be successful, you will get next message from me in your chat:

Voilà! Now click on "**My Account**" and you will see that instead of 0 now you have 15 gems:
